IN HOME SUPPORTIVE SERVICES PUBLIC AUTHORITY
Helen Lopez

MISSION STATEMENT

The San Bernardino County In-Home Supportive Services (IHSS) Public Authority improves the availability and quality of IHSS and eliminates barriers to providing assistance and choice for the aged and persons with disabilities who need supportive services to live independently and with dignity in the community.

ORGANIZATIONAL CHART

IHSS Public Authority

DESCRIPTION OF MAJOR SERVICES

The In-Home Supportive Services (IHSS) program was created in 1973 to serve elderly, blind, and/or disabled individuals who are not able to remain safely in their home without assistance. Section 12302.25 of the Welfare and Institutions Code (WIC) mandates that each county, on or before January 1, 2003, must act as, or establish, an employer of record for collective bargaining purposes for IHSS care providers. The IHSS Public Authority (PA) was established to comply with this mandate.

In addition to its role in collective bargaining, the IHSS PA is required by WIC to provide the following mandated services:

- Establish a registry of potential care providers.
- Investigate the background and qualifications of potential care providers.
- Refer potential care providers from the registry to IHSS consumers upon request.
- Provide training for both IHSS care providers and consumers.
- Perform other functions related to the delivery of IHSS as designated by the governing board.

Fund Balance				1,407,323	
Budgeted Staffing				25	

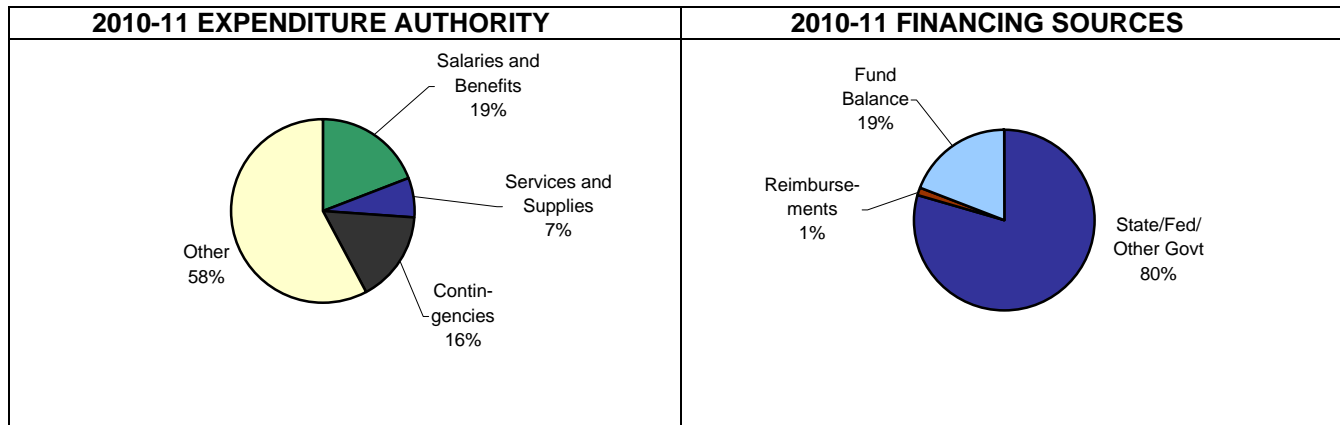

Estimated appropriation for 2009-10 is anticipated to be less than modified budget due to the following:

Salaries and benefits are expected to be under budget by \$241,208 due to not filling vacant positions, as a consequence of a decrease in state funding.

Services and supplies are expected to be under budget by \$321,312 primarily from savings in postage, printing, provider background and fingerprinting costs, as a consequence of a decrease in state funding.

Other charges are expected to be under budget by \$1,012,453 due to the delay in completing Memorandum of Understanding (MOU) negotiations regarding benefits for IHSS providers. As the prior MOU had terminated, no new enrollments into health benefits were allowed to occur until the new MOU was approved.

Salaries and benefits of \$1,596,374 fund 26 budgeted positions, and are increasing by \$51,753 due to the addition of 2 Office Assistant III positions that will be utilized to process the background check information from IHSS providers, as is now required by the state. The department will be deleting a Registry Specialist position for a net increase from year to year of 1 budgeted position.

Services and supplies of \$511,560 include annual registry and provider health benefits databases licensing and maintenance, provider and staff training, provider background investigations and finger printing and county overhead charges (COWCAP). The decrease of \$147,583 is primarily due to reduced printing, postage, equipment costs, provider background investigations and fingerprinting costs, as well as the department's move to a new location in May 2009 which resulted in rent savings.

Central services of \$24,952 include central computer charges and costs for Facilities Management basic custodial, grounds, and maintenance services.

Travel of \$39,000 represents the costs of travel for staff to attend meetings and conduct business on behalf of the Public Authority throughout the State and County.

Other charges of \$4,700,000 represent payments for provider health benefits. The increase of \$996,297 is due to an increase in health benefit premiums as required by the new MOU approved by the Board on March 16, 2010. The new agreement increases local funding from \$500,000 to \$625,000 which proportionately increases federal and state appropriation available for provider health benefits.

Transfers of \$122,967 represent charges for administrative support. The increase of \$9,451 is primarily due to increased costs for administrative support provided by Department of Aging and Adult Services (DAAS) and Human Services Administration.

Reimbursements of \$98,613 represent work provided by Public Authority staff for the Department of Aging and Adult Services.

Federal and state revenue of \$5,860,560 represent the federal and state mandated share of Public Authority expenditures. For 2010-11, this will include increased federal funding for provider health benefits as a result of American Recovery and Reinvestment Act of 2009 legislation.

Other financing sources of \$970,903 represent the local share required to fund this program.

ECONOMIC AND COMMUNITY DEVELOPMENT CORPORATION

DESCRIPTION OF MAJOR SERVICES

In September 1987, the Board of Supervisors formed the County of San Bernardino Economic and Community Development Corporation to provide additional methods of financing the acquisition of property, for and on behalf of private enterprise, to promote and enhance economic development and increase opportunities for useful employment. Another primary purpose was added in July 1998, to strengthen public-private partnerships and to expand the supply of decent, safe, sanitary, and affordable housing. The annual Economic and Community Development Corporation budget provides for professional services related to the issuance of bonds, promotion of the financing program, and other program related costs. Economic and Community Development Corporation is a function of the Economic Development Agency.

There is no staffing associated with this budget unit.

COUNTY INDUSTRIAL DEVELOPMENT AUTHORITY (CoIDA)

DESCRIPTION OF MAJOR SERVICES

In March 1981, the Board of Supervisors created the San Bernardino County Industrial Development Authority (CoIDA) to issue tax-exempt industrial bonds for the furtherance of economic development and the creation of new jobs within the county. The annual CoIDA budget provides for funding for the cost of professional services related to the issuance of bonds, promotion of the financing program and other program related costs. CoIDA is a function within the Economic Development Agency.

There is no staffing associated with this budget unit.

Services and supplies of \$113,798 represent professional services associated with the issuance of bonds, promotion of the financing program and other related costs. The \$74,640 increase is related to a new bond program administered by the Redevelopment Agency.

Transfers of \$71,725 represent payments to the Redevelopment Agency for the administration of the bond program.

Departmental revenue of \$146,950 reflects the bond fees charged to the bond applicants. The increase in other revenue of \$146,450 represents the new Redevelopment Agency bond program receipts.

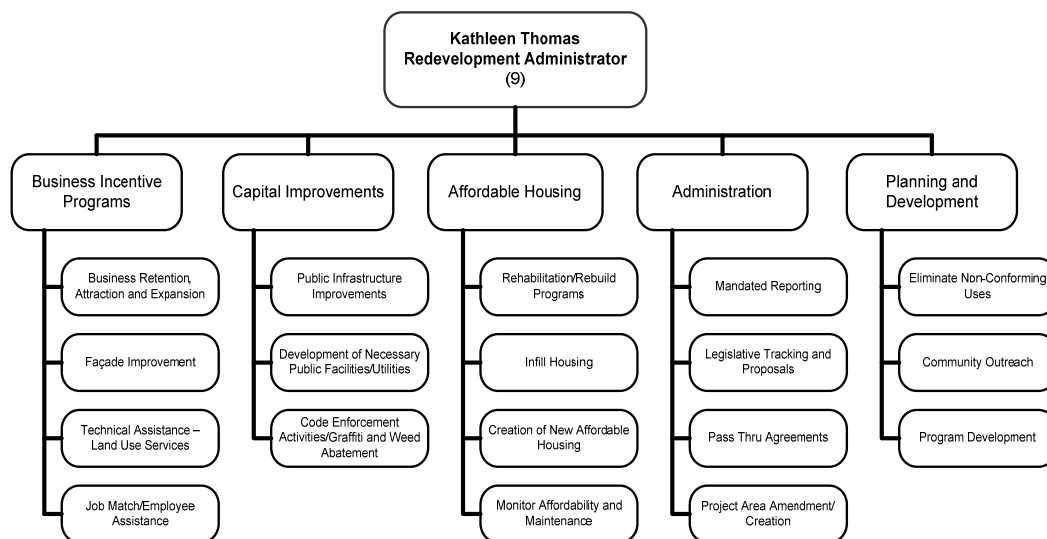

REDEVELOPMENT AGENCY

Kathy Thomas

MISSION STATEMENT

The County of San Bernardino Redevelopment Agency (CoRDA) serves as a catalyst to revitalize communities within established redevelopment project areas by: improving infrastructure, retaining and expanding opportunities for existing businesses, attracting new businesses and private investment, creating new jobs and affordable housing and improving the living conditions of residents. Through coordinated efforts with county departments and other jurisdictions, CoRDA implements strategic programs and projects that advance economic opportunities and foster a sense of community pride.

ORGANIZATIONAL CHART

STRATEGIC GOALS

1. Develop and implement inclusionary and replacement housing programs/projects to meet such needs and to increase, improve and preserve the redevelopment project areas' housing stock.
2. Assist in the development of capital improvements to eliminate and prevent the acceleration of physical blight and encourage the better utilization of real property and new private enterprise investment.
3. Assist in the development of business incentive programs to reconstruct, upgrade and expand commercial areas in conformance with the general plan (as amended) and community plans.
4. Effectuate the comprehensive planning, redesign, replanning, reconstruction, and/or rehabilitation of project areas in such a manner as to facilitate a higher and better utilization of land uses in accordance with the general plan.

Speedway Project Area

DESCRIPTION OF MAJOR SERVICES

In 1995, the former Kaiser Steel Mill site and other blighted industrial properties in its vicinity were formed to create the San Sevaire Redevelopment Project Area, currently known as the *Speedway Redevelopment Project Area* (Speedway). The Speedway was amended in 2004 and 2005 to add additional territory resulting in a total acreage of 3,426 acres.

San Sevaire Bond Series 2005 A was funded in December 2005 with net proceeds of \$34,691,164. Projects to be undertaken with these bond proceeds include assistance in the improvement of public infrastructure Etiwanda/San Sevaire Flood Control Channel (South), West Fontana Flood Control Channel, Cherry/I-10 interchange, road construction on Cherry and San Bernardino Avenues); the development of public facilities such as the construction of a fire station; land acquisition; and, economic incentives for businesses within the project area and attraction of new businesses for the area. Proceeds allocated for housing projects will be used for home rehabilitation programs, land acquisition, infill housing programs and affordable housing development assistance.

Accordingly, estimated appropriation in this budget unit is typically less than modified budget. The amount not expended is carried over to the subsequent year's budget.

Estimated departmental revenue for 2009-10 is anticipated to be lower than modified budget by approximately \$2,850,000 primarily due to the additional Educational Revenue Augmentation Fund (ERAF) costs of \$2,786,576 from the budgeted amount of \$755,000, for a total ERAF amount of \$3,541,576.

Salaries and benefits of \$1,063,003 fund 9 budgeted positions and are increasing by \$144,279. The increased cost for salaries and benefits is the result of the request for one additional position (Development Specialist) to address the proposed transfer of functional responsibility for the Inland Valley Development Authority (IVDA) from the Community Development and Housing Department to CoRDA. Development Specialist will manage projects and programs to promote economic benefit, eliminate blighted conditions and increase affordable housing opportunities within all of our project areas. Development Specialists perform strategic planning and

project management in the areas of redevelopment, economic development, and business and community outreach. Due to the fact that CoRDA has over 100 active projects, the 4 current Development Specialist positions are not enough to handle the workload in the foreseeable future. The position will be financed with current tax increment generated within any of the five redevelopment areas (Speedway, Cedar Glen, VVEDA, Mission Boulevard or IVDA)

Central services of \$10,504 include central computer charges and costs for Facilities Management basic custodial, grounds, and maintenance services.

Services and supplies of \$22,039,085 include professional services, various costs associated with improving the area around the Auto Club Speedway, and miscellaneous office expenses. Services and supplies have decreased by \$3,720,753 due to less one time projects in 2010-11.

Travel of \$17,000 includes private mileage, air travel, hotel, car rental and conference fees. These costs are based on departmental analysis of past travel related expenses, as well as a provision for the proposed additional staff position.

Other charges of \$3,753,650 represent debt service payments.

Land and improvements of \$9,000,000 include costs associated with the Rosemary/Iris Voluntary Sale Program and commercial/industrial land acquisitions. The Rosemary/Iris Voluntary Sale Program has \$500,000 budgeted and \$8.5 million for the commercial/industrial land. This amount reflects an overall decrease of \$500,000 primarily due to a slowdown in the participation in the Rosemary/Iris Voluntary Sale.

Transfers of \$7,788,804 to other county departments represent various costs, which include road projects and administrative charges. Transfers have decreased by \$7,549,436 primarily due to progress on road projects, delay of flood control projects, the elimination of the housing transfer for capital projects benefiting housing, and decreases in administrative charges.

Contingencies of \$4,186,924 represent funds held by the Trustee, Bank of NY for the 2005 Series A Tax Allocation Bonds (\$4,142,333) and a general unreserved provision (\$44,591).

Reimbursements of \$1,106,727 primarily represent reimbursements from other Redevelopment Agency project funds to the Speedway administrative fund for staff charges. The decrease in reimbursements of \$1,621,581 is primarily due to the reduction of \$1,400,000 in reimbursements from the housing fund for a project designed to benefit residential projects that will be financed with bond funds in 2010-11 in lieu of housing funds. Other changes include the completion of a road project and other reimbursement adjustments that relate to staff time spent working on other projects.

Operating transfers out of \$10,947,692 generally represent reserves for right-of-way purchases and construction of a variety of projects.

Departmental revenue of \$13,478,291 primarily reflects tax increment and interest revenue. The decrease in revenue of \$154,044 represents decreases in interest revenue of \$492,500 and operating transfers in of \$95,137, which are offset by an overall increase in tax increment revenue of \$433,593 due to a greater amount of increment to be recognized as a result of less ERAF deductions that are transferred to the State. Budgeted ERAF deductions for 2010-11 are \$729,148, and the budgeted revenue amount is based on minor tax increment growth primarily attributed to the expansion of existing facilities thus increasing assessed value, the construction of a number of small industrial buildings completed in 2009-10, and multiple property ownership transfers in 2009-10 that will also result in increased assessed valuations for 2010-11.

Cedar Glen Project Area

DESCRIPTION OF MAJOR SERVICES

In 2004, the *Cedar Glen Disaster Recovery Project Area* (Cedar Glen), consisting of 837 acres, was adopted to assist with the rebuilding of the community that was destroyed by the 2003 Old Fire.

Initial plan preparation and operating expenses were financed through a \$75,000 loan from the Speedway Project Area and subsequent loans from the county general fund of \$365,000. In addition, in December of 2005, the Board of Supervisors approved a loan of \$10.0 million from the county general fund to Cedar Glen to begin the water and road improvements. The loans will be repaid when the project area generates sufficient tax increment revenues or other financing is available.

Operating funds received for the project area are used to finance capital improvements, particularly water services within the area. Due to the fact that the loan will be repaid by the tax increment generated, CoRDA set asides 20% of the loan for affordable housing purposes. California Redevelopment Law requires that 20% of the gross tax increment revenues are set aside for the creation, preservation, or improvement of low and moderate-income housing. CoRDA has established housing programs for the use of these funds.

There are no budgeted positions assigned to this project area, however, administrative and staffing costs are allocated to this project area based upon time studies.

Departmental Revenue	788,348	986,360	964,832	655,878	589,729
Fund Balance				10,341,183	

In accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, estimated appropriation in this budget unit is typically less than modified budget. The amount not expended is carried over to the subsequent year's budget.

Estimated departmental revenue for 2009-10 is anticipated to be less than modified budget by approximately \$66,000, primarily due to approximately \$38,000 in less interest revenues because of a decline in interest earnings rates, and \$27,000 less tax increment revenues due to the Educational Revenue Augmentation Fund (ERAF) shift in the amount of \$151,471.

Services and supplies of \$3,832,228 primarily represent funds set aside for projects and professional services carried over from previous years for future projects and/or improvements. Services and supplies decreased by \$4,069,544 primarily due to moving \$4,200,000 to transfers for water improvements, and increases in professional services of \$122,956 and miscellaneous expenses of \$7,500.

Transfers of \$4,571,623 represent water improvement costs and administrative fees to the Speedway administrative fund. Transfers to other county departments for water improvements increased by \$4,200,000 and a decrease of \$7,588 is associated with decreased administrative costs and miscellaneous transfers.

Contingencies of \$2,715,000 are necessary because, per the Cedar Glen loan agreement, the Board of Supervisors (Board) must approve all additional projects utilizing the loan funds. On November 18, 2008, Item No. 109, the Board released \$4,885,000 for projects within the project area. Upon approval of additional projects, the funds will be transferred to the appropriate expenditure category for use.

Reimbursements of \$400,000 represent a reimbursement to the housing fund from the operating fund for a water hookup project, as the housing fund initially paid for these project costs.

Operating transfers out of \$14,074 represents interest earnings from the debt service fund to be transferred to the operating and housing fund for programmatic uses.

Departmental revenue of \$671,515 includes funding from projected tax increment as well as revenue from interest. The net increase of \$16,715 is the result of a \$93,215 increase in projected tax increment revenues due to a greater amount of increment to be recognized as a result of less ERAF deductions that are transferred to the State, which are offset by a \$76,500 decrease in interest earnings. Budgeted ERAF deductions for 2010-11 are \$31,185, and the budgeted revenue amount is based on a 0% tax increment growth.

Operating transfers in of \$14,074 represents interest earnings to be received in the operating and housing fund from the debt service fund.

Victor Valley Economic Development Authority Project Area

DESCRIPTION OF MAJOR SERVICES

In 1993, the *Victor Valley Economic Development Authority* (VVEDA), a joint powers authority, was established for the purpose of providing economic development in and around the former George Air Force Base. Five jurisdictions oversee the economic development of the area, which include: the cities of Victorville, Hesperia and Adelanto, the Town of Apple Valley, and the County of San Bernardino. The eighth amendment to the project area increases total acreage to 90,236 acres. The same amendment also increased the unincorporated portion of VVEDA to approximately 22,472 acres. VVEDA is administered by the City of Victorville.

Operating funds received for the project area are used to finance capital improvements and land acquisition. Included in this project area are housing funds, which are used to conserve and/or expand the supply of affordable housing to low and moderate-income households. Based on regulations, 20% of the gross tax increment revenues are set aside and used for affordable housing.

There are no budgeted positions assigned to this project area, however, administrative and staffing costs are allocated to this project area based upon time studies.

BUDGET HISTORY

The trend of the VVEDA budget represents small increases for years leading up to 2008-09. In 2008-09, the County Redevelopment Agency (CoRDA) received an increase in revenue from VVEDA of \$700,650 over the prior year. This increase is due to the additional acreage mentioned above, and is expected by VVEDA to remain at a higher level than in the past.

Accordingly, estimated appropriation in this budget unit is typically less than modified budget. The amount not expended is carried over to the subsequent year's budget.

Estimated departmental revenue for 2009-10 is more than modified budget due to budgeting higher tax increment decline than what is projected at this time.

Services and supplies of \$4,800,295 represent project expenditures and professional services. Services and supplies increased by \$913,533 for currently identified project costs and future projects.

Other charges has been reduced by \$172,100 which represent administrative charges paid to the Victor Valley Economic Development Authority. These charges are now shown as a reduction to departmental revenue because the lead agency nets this amount against revenue paid to CoRDA.

Land and improvements of \$1,000,000 include costs associated with commercial/industrial/residential and housing land acquisitions. Land and improvement costs increased by \$500,000 due to an anticipated increase in land acquisition.

Transfers of \$211,885 include administrative charges paid to the Speedway administrative fund. The increase of \$56,125 is due to an anticipated increase in VVEDA's share of County of San Bernardino Redevelopment Agency's administrative costs.

Departmental revenue of \$1,224,620 consists of tax increment revenue and revenue from interest. The increase in revenue of \$291,520 primarily represents increases in tax increment revenue distributed through the lead agency (transferred from the City of Victorville). The increase in projected tax increment revenues is due to a greater amount of increment to be recognized as a result of less ERAF deductions that are transferred to the State. Budgeted ERAF deductions for 2010-11 are \$36,020, and the budgeted revenue amount is based on minor tax increment growth.

Mission Boulevard Joint Project Area

DESCRIPTION OF MAJOR SERVICES

In 2003, the county approved the *Mission Boulevard Joint Redevelopment Project Area* (Mission Boulevard) with the City of Montclair. Mission Boulevard totals approximately 404 acres and is administered by the City of Montclair.

The county's responsibility for the Mission Boulevard Joint Project Area only includes housing set aside funds, which are used to conserve and/or expand the supply of affordable housing to low and moderate-income households.

A \$50,000 loan was received from the county general fund in 2004-05 to cover costs until sufficient tax increment revenue is generated to repay the loan.

There are no budgeted positions assigned to this project area, however, administrative and staffing costs are allocated to this project area based upon time studies.

Services and supplies of \$218,779 represent professional services. Services and supplies increased \$75,451 due to an increase in revenue from the proposed housing rehab program and fund balance.

Transfers of \$32,598 include administrative charges paid to the Speedway administrative fund. The increase of \$1,446 is based upon time studies for the current year. While projected staff time allocated for this project area has remained unchanged, total expected administrative costs have increased, causing a small increase in administrative charges paid by the project area.

Departmental revenue of \$87,400 primarily represents tax increment revenue distributed by the lead agency, which is anticipated to increase by \$54,200 in 2010-11. Lead agency (City of Montclair) estimates tax increment revenue for the project area increased from prior year by a significant amount as a result of conservatively budgeted amount for 2009-10. Due to this significant increase, expenditures for projects will be budgeted as actual tax increment is received by the agency. This budget unit is exempt from ERAF deductions, and the budgeted revenue amount is based on the estimated tax increment revenue for 2009-10 plus a 1% growth factor.

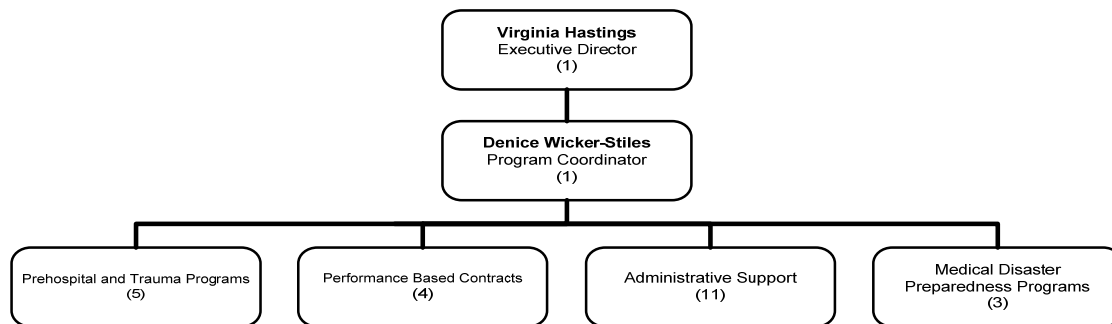

INLAND COUNTIES EMERGENCY MEDICAL AGENCY Virginia Hastings

MISSION STATEMENT

The Inland Counties Emergency Medical Agency (ICEMA) is the local Emergency Medical Services Agency for the Counties of San Bernardino, Inyo, and Mono. The mission of ICEMA is to ensure an effective system of quality patient care and coordinated emergency medical response by planning, implementing, and evaluating an effective emergency medical services system including fire department and public ambulances, pre-hospital providers; public and private, ground and air; specialty care hospitals; such as trauma centers, and hospitals, for the citizens of San Bernardino, Inyo, and Mono Counties.

ORGANIZATIONAL CHART

STRATEGIC GOALS

1. Ensure that the most effective emergency services are delivered to the residents of San Bernardino, Inyo, and Mono Counties.
2. Implement an emergency medical services authority quality improvement plan.

DESCRIPTION OF MAJOR SERVICES

The Inland Counties Emergency Medical Agency (ICEMA) was developed under a Joint Powers Agreement with San Bernardino, Inyo and Mono Counties. ICEMA is responsible for ensuring effective emergency medical services for the three county areas. Specifically, they are charged with the coordination, evaluation and monitoring of emergency medical services within public and private pre-hospital providers, specialty hospitals, paramedic base hospitals, as well as the effectiveness of Emergency Medical Services (EMS) educational programs and medical disaster preparedness.

Additionally, in accordance with Section 29009 of the State Government Code, the entire unreserved fund balance must be appropriated each year. Accordingly, estimated appropriation in this budget unit is typically less than modified budget. The amount not expended is carried over to the subsequent year's budget.

Estimated departmental revenue for 2009-10 is less than modified budget as a portion of funds from the Hospital Preparedness grant will not be received until 2010-11.

Salaries and benefits of \$1,871,353 fund 25 budgeted positions. This includes the addition of a Statistical Analyst. This position will assist in the implementation and evaluation of data from our data collection software. A contract Local Emergency Medical System Agency Coordinator is being deleted to accommodate this additional position.

Services and supplies of \$1,365,510 include operational costs for ICEMA, including the purchase of new data collection software and small equipment. The amount also includes professional services contracts for the ICEMA Medical Director and Hospital Preparedness Program training consultants.

Central services of \$24,358 include central computer charges and costs for Facilities Management basic custodial, grounds, and maintenance services.

Travel of \$42,894 reflects anticipated travel costs in the areas of private mileage, air travel, hotel, car rental and conference fees for this budget unit.

Equipment of \$96,976 includes the purchase of one surge shelter (\$56,976) and five refrigerated containers (total \$40,000).

Vehicles of \$79,604 include four trailer mounted generators.

Transfers of \$281,554 represent payments for Human Resources programs and lease costs.

Contingencies of \$500,000 reflect beginning fund balance. This fund balance, provided via a transfer of funds from the Realignment Trust during 2008-09, provided starting capital for this budget unit to ensure the timely and uninterrupted payment of expenditures necessary for daily operations. This fund balance continues to be appropriated within the contingency category until such time as ICEMA is dissolved and this initial investment is returned to the Realignment Trust.

Licenses and permits revenue of \$239,063 include collections for ambulance licensure and Emergency Medical Technician certification.

Fines and forfeitures revenue of \$63,707 include the administrative fee portion of fines collected by the Superior Court for moving violations, as dictated under SB612 and SB1773. The decrease of \$785,033 is primarily due to the reclassification of the actual fine revenues resulting from SB612 and SB1773 as other revenue.

State aid revenue of \$254,125 represents funding from the Emergency Medical Services Authority (EMSA) to support maintenance of the three-county Joint Powers Agreement and the Hospital Preparedness Program grant. Federal aid revenue of \$804,819 represents funding from the Hospital Preparedness Program grant.

Current services revenue of \$862,263 are fees paid to ICEMA for administration of performance based contracts and are increasing by \$477,783 to reflect the additional transfer of liquidated damages funds (\$400,120) to cover cost of new data collection software and other data related purchases.

Other revenue of \$975,565 reflects fines associated with ambulance companies' failure to meet contractual response time standards. In addition, it includes fines collected by the Superior Court for moving violations, as dictated under SB612 and SB1773. The increase of \$721,413 is primarily the result of the reclassification of the actual fine revenues resulting from SB612 and SB1773 as other revenue, rather than fines and forfeitures.

Operating transfers in of \$212,026 is a reimbursement from the Office of Emergency Services for the purchase of items related to the Homeland Security Grant.
